PAY TRIBUTES TO JOHNSON

Governor Hughes and Charles A. Towne Speak.

LETTER FROM THE PRESIDENT

declares the Chief Executive of the Nation Valued the Late Governor of Minnesota Highly as a Friend Three Thousand Persons Attend Memorial Services at Broadway Tabernacle in New York.

New York, Nov. 29.—Glowing tributes were paid to the memory of the late Governor John A. Johnson of Minnesota by men eminent in national life at the memorial service under the auspices of the American-Scandinavian society at Broadway tabernacle. While President Taft expressed his regret at not being able to be present, he joined Governor Hughes of New York and Charles A. Towne, formerly United States senator from Minnesota, and others in eulogizing the work and character of the famous Minnesotan. The inspiration of the life of Governor Johnson and comparisons to the lives of Lincoln and other great men as the keynote of the celebration. There was an elaborate musical programme and an address in Swedish by Rev. Dr. Mauritz Stolpe of the Swedish Gustavus Adolphus church, the biggest in America. J. Edward Swanstrom, former borough president of Brooklyn, presiding. Part Mr. Swanstrom, in opening services, said:

"We are gathered to pay our respects to the late John A. Johnson. The great crowd is evidence of the affection in which he was held, not only in his own state but throughout the United States. The text at Governor Johnson's funeral, 'A prince and a great man hath fallen this day,' shall be our text here. It is safe to say no man in public life was loved as was Governor Johnson. He was essentially a product of our American institutions, institutions in which he believed. He loved frankness and honesty in men as he hated sham and hypocrisy. His death was a loss to humanity."

Tribute From President Taft.

The letter from President Taft was read and said in part: "I knew Governor Johnson, valued him highly as a friend and regarded his promotion to the governorship of great state and to national prominence as a statesman and citizen as one of the best evidences of the equal-

ity of opportunity that we have in this country and of the fact that high character, earnest endeavor and great ability and intelligence will enable a man to raise himself from the humblest position in society to a leader among us."

An expression upon the economic questions of immigration which concerned the life of the late Minnesota governor was given by Rev. Frederick Lynch, vice president of the American-Scandinavian society.

When Governor Hughes arose to address the 3,000 people gathered in the auditorium the people gave a vociferous greeting, for there seemed much in common between the two men.

"There is no living man whom Governor Johnson more admired than the next speaker," was the introduction given the New York governor by the presiding officer.

"I cannot attempt an adequate appreciation of Governor Johnson; that must be left to the eloquent speaker who follows," were the opening words of Governor Hughes as he indicated former Senator Towne. "But I wish to join in the sentiment of admiration and appreciation of the people of this state with those of Minnesota."

MOST FATAL FOR YEARS TO HUNTERS

Many Killed During the Hunting Season.

Milwaukee, Nov. 29.—The hunting season in Upper Michigan and Wisconsin this year promises to be the most fatal for years to hunters, for already the number killed is equal to the highest figure in nine years, with the exception of 1907, the worst on record. So far the number killed totals twenty-eight and the injured twenty-seven. There are still two days of the season, and more fatalities are expected to be recorded before the season ends.

Of the total of twenty-eight, nine were killed when bird hunting before the deer season began. Most of the others were killed by mistake for deer by other hunters. In 1907, fifty-one were killed, but the majority of these were shot when duck hunting.

Among the more prominent persons who lost their lives are Dr. John R. Moore, a well known surgeon of the United States Steel corporation at Ironwood, and H. B. Bacon, another well known doctor of New London. One woman was fatally wounded at Calumet, Mich., by the careless handling of a gun by a hunter. Milwaukee's victim was John G. Hoelzel, a well known real estate man.

No part of the state escaped recording its victims. Perhaps the saddest feature of the open season is the large number of boys killed, either by companions or by their own carelessness. In one case a lad was shot by a younger brother.

Kills One and Wounds Another.

Lawrenceburg, Ind., Nov. 29.—Harry Justis and Henry Crowe challenged Louis Wingerter, a former policeman, to fight for a settlement of a grudge and Wingerter killed Justis and seriously injured Crowe. He shot Justis through the heart and beat Crowe with a club. Wingerter was dismissed from the police force recently.

Women in Fatal Duel.

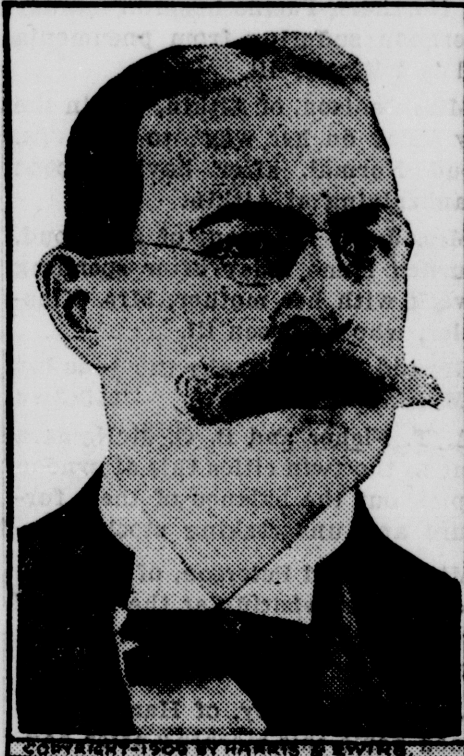

Bradford, Ark., Nov. 29.—In a street duel with knives at Alicia, near here, Miss Nora Owens was fatally injured by Miss Stella Belk and died within a few minutes. Both young women were prominent. The duel was the result of a quarrel that the pair engaged in some time ago.

WELLMAN REPUDIATES COOK

Says His North Pole Story is a Deliberate Imposture.

Washington, Nov. 29.—Walter Wellman, in a statement issued here, declares he finds Commander Peary's narrative of the conquest of the North pole credible in every particular and that of Dr. Cook a deliberate imposture. Dr. Cook's dash for the lecture platform before submitting his field records, he says, was at the outset to his discredit.

Polar records, he points out, are perfect as first written and no honest man need reconstruct them. Dr. Cook, he asserts, is altogether too precise at the wrong place and every one with a knowledge of nautical astronomy

WALTER WELLMAN.

could manufacture such observations as he offers at any place. Peary, he continues, had four supporting expeditions, while Cook only had three men and what he claims to have done with his equipment and organization is beyond human power.

Peary, Wellman says, took his ship within 460 miles of the pole, while Cook started 700 miles from the goal and went 170 miles westward before turning northward and claims to have traveled over a distance 27 per cent greater at a speed 40 per cent faster than Peary with his years of experience.

AGAINST THE SUGAR TRUST

Frank B. Kellogg May Handle Cases for Government.

Washington, Nov. 29.—While neither Attorney General Wickersham nor Frank B. Kellogg will discuss the subject, there is good reason to believe that if the department of justice retains special counsel in the prospective cases against the sugar trust, Mr. Kellogg will be offered the job. Mr. Kellogg's reputation as a lawyer has enhanced considerably in administration circles since the decision by the United States circuit court in the Standard Oil case, in which the St. Paul lawyer appeared as counsel for the government. Up to date it is known that no decision has been reached by the attorney general as to whether the sugar cases shall be handled by officers of the department of justice or outside talent enlisted.

Mr. Kellogg denied specifically that he had been asked to prepare briefs in the sugar cases. "I have not discussed the subject with anybody in authority since my arrival here," said Mr. Kellogg. The St. Paul lawyer refused to say whether or not he would handle the brief of the government in the sugar cases if he was invited to do so.

Many Horses Burned.

Kansas City, Nov. 29.—One hundred and forty horses were cremated when the "Blue Front" livery stables burned. Two of the animals were high class driving horses, which had taken blue ribbons at horse shows here and in Chicago and St. Louis. The total loss was \$60,000.

INSURGENTS TO PUT UP A FIGHT

No Compromise Will Be Made With Cannon.

HIS SPEECH IN KANSAS CITY

Held by the Progressive Republicans to Be a Declaration of War—Westerners Have No Intention of Agreeing Upon a Truce With the Speaker, Even for the Sake of the President.

Chicago, Nov. 29.—Insurgent Republican senators and representatives are heading for Washington for the regular session of congress, from out of the Western states, keyed up to fighting pitch. The Kansas City speech of Speaker Cannon, following so closely upon the heels of his Bloomington midnight attack upon everybody who does not agree with him, has burned the bridges and the wires are down.

Perhaps Uncle Joe did not know it, but insurgents of high standing within the Republican organization west of the Missouri river were on the spot at the Knife and Fork club dinner to hear with their own ears exactly what the speaker had to say about them. These leaders said frankly, after digesting that part of the Cannon diatribe which was spontaneous with him, that any attempt at compromise, even during this session of congress, for personal or local reasons, or even for the sake of the president, would be ultra foolish in view of the limit to which Speaker Cannon had gone in condemning insurgentism to the fiery furnace.

The public utterances of Senator Aldrich through the West resulted in a belligerency on the part of the insurgent delegation at Washington which was not to be the practical attitude of the Middle Westerners, as they viewed the situation following the New Orleans waterways convention and prior to the Bloomington speech of Uncle Joe.

Statement by Bristow.

This fact was stated very simply by Senator Bristow of Kansas after Speaker Cannon's emphatic declaration that hereafter the "regular" Republicans will fight the insurgents upon the same plan and with the same weapons as are needed against William J. Bryan.

"Mr. Cannon is wrong, utterly wrong," said Senator Bristow. "He has forced the war and now he will get it. He lost his head in his Kansas City speech. He has misled himself as to the real attitude of the Republicans of this part of the country. There is nothing for progressive Republicans to do now but to fight back. I consider the battle opened and upon ground chosen by Speaker Cannon."

Governor Stubbs of Kansas attentively considered the Kansas City address of Speaker Cannon. "A few more speeches such as the Knife and Fork speech," said Governor Stubbs, "and Mr. Cannon and his coterie will be without even lukewarm support in Kansas or any other part of this Western territory, in my judgment. The effect of such meandering and wandering allegations and veiled charges as Mr. Cannon makes is altogether favorable to the progressive movement within the Republican party. The visit of Senator Aldrich to the West simply strengthened the fighting spirit in our men at Washington."

A Little Sermon.

A sermon's length is not its strength. It may be very much its weakness. In this case brevity is a virtue. It is a pity to weary the head when we should win the heart. Some divines are long in their sermons because they are short in their studies.—Spurgeon.

IN VICINITY OF NEW YORK

Dr. Cook Trying to Get a Much Needed Rest.

New York, Nov. 29.—They have found Dr. Frederick A. Cook; that is, an authoritative statement was issued by his brother, W. L. Cook, saying that the explorer, who mysteriously dropped from public view Saturday, was still in the vicinity of New York, recuperating. He was on the verge of a nervous breakdown and his retirement was absolutely necessary.

The statement as issued by Mr. Cook follows:

"Dr. Cook is in the vicinity of New York trying to get a much needed rest. If he decides to go to Europe there will be no secrecy concerning his departure. I think that his friends and critics alike should be charitable enough to allow him to rest until his health is fully restored. He has not been reading the newspapers in the past few days and is not responsible for the statements that have been issued by those who were acting as his spokesmen."

"In sending his data to Copenhagen Dr. Cook has fulfilled his obligations to the public."

The foregoing was issued by the explorer's brother in view of the fact that the doctor's apparent seclusion caused great anxiety among his friends, leaving even John R. Bradley, his financial backer, puzzled and exasperated. Mrs. Cook is also in New York, but her exact whereabouts, as in her husband's case, have not been announced.

DO NOT LIKE THE CLAMOR

Tariff Revision Agitation Worries the Standpatters.

Washington, Nov. 29.—Standpat Republicans do not like the clamor from various quarters for another revision of the tariff by the present congress. They are much provoked over the situation and are particularly incensed with Representative James R. Mann of Illinois, who has announced a purpose to introduce a series of bills in the house that is expected to open up the tariff for serious discussion at the coming session. Mr. Mann's prominence and his affiliation with the Cannon organization make his course something to be reckoned with.

Representative Sereno E. Payne of New York, chairman of the committee on ways and means, who has just come to town, ridicules the idea that the house may be induced this winter to revise the tariff in whole, as demanded by Republican insurgents in the West, or in part, as proposed by Representative Mann. At the same time Mr. Payne and his friends probably would acknowledge in confidence that they do not like the looks of the movement against the tariff that has behind it the president and the personality of Mr. Mann.

Representative Mann announced that he was prompted to introduce his bills because of a fear that if the tariff law was enforced in its present form a disastrous trade war with Canada would result.

Sleet Storm in Nebraska.

Lincoln, Neb., Nov. 29.—The worst sleet storm for years in Lincoln and southeastern Nebraska worked havoc with telegraph and telephone systems, demoralizing street lighting and stopping street car traffic. Trains are many hours late.

POLITICAL UNREST EVIDENT IN CUBA

Atmosphere Laden With Suggestions of Trouble.

Havana, Nov. 29.—Not since the downfall of the administration of President Palma has the political atmosphere of Cuba been more charged and more laden with suggestions of trouble than now. The re-established republic is scarcely nine months old and already rumors have become persistent that some way is being sought to secure the retirement of President Gomez and place Vice President Zayas at the head of the nation.

When General Gomez received the post of chief magistrate at the hands of Governor Magoon the followers of Vice President Zayas and even the conservative opposition, which had sustained the banner of General Menocal in the campaign of the previous summer, lent him their support in the determination to give the new administration a fair trial. That they regard the trial as a failure is evidenced by their manifesto, issued shortly after the reconvening of congress, in which they declared their intention of beginning an active campaign against the administration.

Probably the most serious condition that the president is now facing is that resulting from the continued failure of efforts to effect a complete fusion between his partisans and those of Vice President Zayas. During the presidential campaign there was a truce, but with the beginning of the distribution of offices under the new administration mutual distrust was re-established, each side contending tenaciously for its share.

EXPLOSION IN A HOSPITAL

Imperils Lives of Patients, Doctors and Nurses.

Chicago, Nov. 29.—Dynamite in coal is believed to have been the cause of an explosion in the furnace of the American hospital, in which the lives of patients, nurses and doctors of the institutions were imperiled.

The explosion which wrecked the heating plant of the hospital, occurred in the fire box of the furnace shortly after the janitor had filled it with a fresh supply of coal.

The explosion precipitated a panic among the patients, many of whom attempted to flee from the building, but were restrained by nurses. Fire following the explosion was quickly extinguished.

The hospital authorities believe that dynamite from the coal mine was in the coal and they have ordered that all coal in the bins be taken back by the company from which it was purchased.

As soon as the extent of the damage to the hospital was ascertained doctors and nurses succeeded in quieting the alarmed patients, many of whom were recovering from surgical operations. None was seriously injured.

WEATHER FORECAST

Generally fair tonight and Tuesday. Warmer Tuesday and northwest portion tonight.

The Pioneer Press eliminated one of its best features when it ceased to print the front page news summary column.

The Grand Rapids Herald-Review fears that if all the railroads projected for Northern Minnesota materialize that there will be no land for settlers, as it will all be taken up by railroads as right of way.

Indications are that Staples is going after the state senatorship in that district, the 53d, comprised of the counties of Todd, Wadena and Hubbard, and that I. J. Courtright will be the candidate they will put forward. Mr. Courtright is the editor of the Staples Headlight.

The candidates for governor will have to go some if the plan of inviting them to church socials is inaugurated as is intimated by the Roseau Times when it says that Gov. Eberhart is to be invited to attend a basket social at Long Prairie by the church ladies. And they have no railroad passes.

An apparently forgotten law passed by the last legislature, is being called to the attention of the public by the newspapers, and especially those interested in good roads. The law in question is chapter 450 and it provides that 10 per cent of all liquor license money paid in towns and cities of less than 10,000 shall go to their respective county treasuries for expenditure by county boards for general road and bridge improvements.

The State dairy and food commission has just issued a bulletin to oyster dealers, and others interested, in which the following language is used. "Jobbers and dealers are hereby cautioned against receiving from packers or others, oysters which have been adulterated by the addition of water or ice, and retailers are also cautioned not to dilute oysters with water nor permit ice to come in direct contact therewith." In other words when you buy oysters hereafter you are supposed to get the real thing for your money, or there will be trouble if the matter is reported to the commission.

The Long Prairie Leader in its last issue asks some pointed questions of Gov. Eberhart, which are brought out owing to the latter's platform of issues which he gave at a men's club meeting in Minneapolis recently. The Leader says it has no doubt that Gov. Eberhart's ideas on important state matters will be found to be in harmony with the popular wish but it is believed that the best interest of all concerned demand frank confidence. Then the Leader asks: "What about tonnage tax and county option. No candidate for governor in Minnesota next summer can ignore these questions. What about redistricting the state? Every citizen in Northern Minnesota is particularly interested in what the attitude of the candidate is to be on this matter. There is the matter of the income tax amendment; ways and means of securing immigration into the state; good roads; taxation of state lands for local purposes; express rate legislation; the extension of the primary system to state officials and other important matters of policy along these lines."

There is consternation among the saloon men of Northern Minnesota over the order of the United States government through its agent, W. E. Johnson, to close every saloon in Becker and Hubbard counties, at Bagley in Clearwater, Twin Valley in Norman, Foston and Langby in Polk and Deer River and Ball Club in Itasca county. Twenty four saloons will

The net proceeds from Red Cross Christmas Stamps sold in your neighborhood, will be used for anti-tuberculosis work in your own town or state.

go out of business in Becker county and the towns of Detroit, Frazee and Lake Park will become "dry." Park Rapids, LaPorte, Akely and Nary are included in the order, from which there is no appeal. The prohibitionists of the state are very much pleased over the order realizing that the government can issue knock out drops to the liquor business with more speedy and better results than they ever expect to attain. December 27th is the last day of grace for the saloon men in the places named in the order and if they are caught with the goods after that date they will be prosecuted and their stock confiscated. The saloon man who sells liquor to an Indian these days might as well close up business for if he does not Uncle Sam will close it up for him. Every one of the saloons effected were notified what would happen but they took it as a bluff and as soon as the special agent was out of the country the business was resumed, and spotters were sent into the territory affected with the result that the sweeping order has been issued—and it may be said will be enforced as all government orders are.

CORONER'S JURY GIVE VERDICT

Gallagher Died of Injuries Received in a Fight With Grott Peterson They Say

WOULD HOLD ANDERSON ALSO

Jury Recommends That Victor Anderson be Held for Further Investigation

We, the jury, find from evidence submitted that James Gallagher came to his death from injuries received while in a fight with Grott Peterson, at Cuyuna, in the Town of Rabbit Lake, Nov. 25, 1909. We recommend that Victor Anderson be held for further investigation by the grand jury.

The inquest over the remains of the late James Gallagher, at Deerwood, Saturday, occupied most of the day and the jury brought in the verdict as stated above. Peterson was already in jail here and Anderson was brought here Saturday night and locked up. The Victor Anderson mentioned in the verdict is not the carpenter of that name, who is well known in Deerwood, but is a miner by the same name who has been there only a short time.

The coroner's inquest brought out little more than was stated in Saturday's Dispatch. There was a drunken fight at Cuyuna in which a number are said to have participated and Gallagher's death was the result.

Grott, or Gotfried, Peterson, has waived a preliminary hearing and witnesses are being subpoenaed for the grand jury. Victor Anderson was released today on orders of the county attorney and has been subpoenaed as a witness before the grand jury.

Notice of Time Given

I, the undersigned, give my son Wm. Tift his time and will not collect money due him or pay any debts contracted by him, after this date. Brainerd, Nov. 29, 1909.

MR. C. F. TIFT.

TO INSPECT HATCHERY

State Fish and Game Commission Came up Today to Inspect New Buildings at Deerwood

The state fish car Glenwood came up from St. Paul today and went to Deerwood. On board were Hon. O. J. Johnson, chairman state fish and game commission, Carlos Avery, executive agent and S. F. Fullerton, superintendent of fisheries. They were met here by Hon. Robert Hannab, of the commission and all went to Deerwood to inspect the new buildings and the other work done this summer.

4 and 5 Room Houses For Rent

1423 Oak St. E., 1102 Norwood, 915 S. 5th St., \$6, \$7.50 and \$10. See Nettleton in Ransford block. 14813

train, arriving there early Sunday morning.

Mr. and Mrs. Peter Englund, 1819 Norwood street, celebrated their twenty-fifth anniversary Saturday evening. About 50 of their friends and neighbors were their guests. The house was handsomely decorated in pink and white for the occasion and the evening was spent with conversation and music. Light refreshments were served. Mr. and Mrs. Englund were recipients of many handsome presents. Their son Richard Englund was up from Minneapolis to attend the affair.

The enormous increasing demand for our staple new money saving products, necessitates our opening a distributing office in every good county. We desire a resident manager with small amount of capital to carry enough stock to supply the large demands created among business men, farmers, etc. Will pay liberal salary, expenses and share in the profits; no canvassing; position permanent. Send references Liberty Mfg. Association, 12 and 14 State St., Chicago. t145t6

Notice to Maccabees

Our next regular meeting will be held Monday evening, Nov. 29, in Trades and Labor hall. Hereafter our regular meeting will be held in the above hall on the 2nd and 4th Saturday of each month.

C. D. McKay, R. K.

Bible Class

The class in the Teachers' Training Course of bible study will meet Tuesday evening at 8 o'clock in the basement room of the public library. The library furnace has been repaired and the room properly heated for the class meeting. Anyone interested in bible study may join at any time.

W. J. LOWRIE, Teacher.

MRS. J. A. BIXBY DEAD

Pioneer Resident of Crow Wing County Died Sunday at Her Home in Oak Lawn

Mrs. J. A. Bixby, of Oak Lawn, died at her residence two miles east of Brainerd Sunday afternoon at 3:30 o'clock. The funeral will take place Wednesday afternoon the funeral cortege leaving the residence at 1 o'clock and coming to the First Baptist church where the services will be held, followed by interment in Evergreen cemetery. A more complete obituary will be published later.

HIGH SCHOOL NOTES

Thursday and Friday was Thanksgiving vacation in the schools. Miss Mahlum took advantage of it and went to Inkster near Grand Forks, for the time intervening.

You take a few pieces of zinc, And put in your gener-a-tor, Add water, then plug in the cork, And pour in H2SO4.

The action was not very brisk When I put in H2SO4, So I tried nitric acid to see If the thing would't bubble more. As I wiped up the acid and zinc, And swept the glass from the floor, I concluded I'd stick to directions, And try my own methods no more.

The laboratory desks have been made acid proof with new paint. The sinks have also been freshly enameled.

The boys of the High school intend to form a debating club. A series of debates during the winter will then be given.

The freshmen this week are studying "The Merchant of Venice," the Seniors "Othello." While studying Shakespeare I think it would be a good plan for each class to dramatize one of his plays. It would seem perfectly natural to see a Freshman class enacting the "Comedy of Errors." The Sophomores would appear to advantage in "Much Ado About Nothing" and the Juniors would be at home in "As You Like It," while the Seniors could well produce "All's Well that Ends Well."

Plans are at present being discussed for a monthly high school paper. Nothing definite has as yet been decided on, however.

Brilliant remark of a Sophomore—The games of the Greeks developed the people, intellectually, religiously and literally.

Silently one by one.

In the infinite notebook of teachers Blossoms the lovely zero, The for-get-me-nots of Freshmen.

Florence Flanagan has been ill with tonsillitis.

High school students who attended the Michigan-Minnesota football game were: Dolly Mahlum, John Mahlum, and James Alderman—Hint—John's vocal organs were out of order, that is why Minnesota was defeated.

Leonard Smith has resumed his studies in the Brainerd High school.

If you want to hear a good story, ask Georgia Brown about, "Have you the neutralization?"

Lloyd Smith has relieved Earl En-triken of his duties as pianist.

Miss Mahlum's afternoon classes felt very badly about not being able to recite Wednesday.

Physical Training

In last week's notes short mention was made of the introduction of physical training into the Aitkin schools. This new course has been found very effective in every school that has installed it. The people of Aitkin are loud in their praise of the superintendent for his latest work.

In Minneapolis, out of an average 300 pupils, only 40 were found to be in good physical condition. When a teacher complains about her pupils ignorance or lack of study, she never considers that the cause may be the condition of the scholars body, not the brain.

Eight years ago Miss Niehart, who was principal of the Harrison school, commenced physical training. When the children arrived in school in the morning with the fresh air still upon them, they were put through a twenty minute drill. The children enjoyed it so much that they would remain after school and ask for another drill. Miss Niehart in her records showed the superintendent that the marks increased 32 per cent at the time. It was promised to be introduced in all the schools, but in some way was overlooked or entirely forgotten.

Has this marvelous twentieth century, as it has in many other ways, also broadened our intellect to such an extent that it needs no diversion? Have the new methods lately introduced so much advanced our physical strength that the mind and body may act in concert without a stimulant, such as obtained from the exercise involved.

The people of Brainerd have just cause to be proud of their schools

Perfect Fitting Trousers

When we say "Perfect Fitting" trousers we mean it. We can fit the most fastidious pair of legs in town

Young Men's Trousers

Full and Medium Peg Top
New Shades and Fabrics

\$2.50, \$3.00, \$3.50 and \$4.00

Men's Dress Trousers

\$1.50, \$2.00, \$2.50 to \$6.00

WORK TROUSERS

Largest assortment of Men's working trousers in the city. \$1.50, \$2.00, \$2.25 to \$3.00.

MALONE TROUSERS

We need say no more. You all know what the Malone Guaranteed Trousers are. \$3.50 and \$4.00.

May we help you select them?

H. W. LINNEMANN

616 Front Street, BRAINERD, MINN

which are at present, second to none in the state. Let us not be backward in this new need of ours, which our neighbors have found so successful.

The "School Education" for November contains an excellent tribute to our late Supt. Hartley. Among the paragraphs we read:

"T. B. Hartley was born on a farm near Columbus, Wis. He was educated at Wayland academy in Wis., then at the old Chicago U., and latter at the leading western schools of the Baptist church. His early years were spent at Hokah, Minn., and Killbourn, Wis. Later he served three years as superintendent at Waseca, Minn., fifteen years at Bessemer and Eaton Rapids, Mich., and crowned the life, rich in usefulness by nine years in Brainerd, where his talent as an organizer and his ability as chief executive placed the schools second to none in the northwest."

The Winona, Minn., Normal has just completed a new model school building; a separate three store building with rooms for model classes, a large gymnasium and a large library.

At Winthrop, Minn., has been maintained a school garden of 2 1/2 acres. Pupils are assigned a plot 24 feet by 36 feet. The results have been very gratifying.

The students at Concordia College, Moorhead, are to issue a monthly class paper called the "Corn Cob."

Piles We are so certain that itching, bleeding and protruding Piles can always be relieved and absolutely cured by this ointment that we positively guarantee satisfaction or money refunded.

Dr. A. W. Chase's Ointment
H. P. Dunn, Druggist

Mrs. Lonie Hite, 428 Outlen, St., Danville, Ill., writes, October 1st: "Foley's Kidney Pills started me on the road to health. I was treated by four doctors and took other kidney remedies but grew worse, and was unable to do my housework, and the doctor told me I only could live from two to six months. I am now so much better that I do all my own work, and I shall be very glad to tell everyone afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills." Commence today and be well. Do not risk having Bright's Disease or Diabetes. H. P. Dunn. mwf-w

Starching.

In 1504 the art of starching was publicly taught in London by a Flemish woman called Mistress Bingham Vandh Plasse, her price being "four or five pound" and an extra 20 shillings for showing "how to seeth the starch."

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it, you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free. P. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, price 75c. Take Hall's Family Pills for constipation.

Illness Cause of Suicide.

Spencer, Ia., Nov. 24.—Irvin John son, twenty years old, committed suicide at his home near Langdon by placing a shotgun in such a position that it blew a great hole in his chest. Ill health prompted him to kill him self.

No Case on Record

There is no case on record of a cough or cold resulting in consumption or pneumonia after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. Refuse any but the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. H. P. Dunn, druggist. mwf-w

CAN SELL TO MINOR AS AGENT

Municipal Court Holds that Saloon Keeper Can Sell to Minor Who Holds Order

FRANK THIENES DISCHARGED

After Several Continuances Case Against Broadway Saloon-keeper is Ended

Frank Thienes, who conducts a saloon at 220 South Broadway, was discharged in municipal court today on charge of selling liquor to a minor. The sale was undisputed and the defense was that the lad, who had a written order from his father for the beer, was only agent and not the purchaser. This view of the law in the case was taken by Judge Warner and he held that there was no law to enforce the codification of the laws in 1905 to forbid the furnishing of liquor to a minor as the agent for another.

The case has been before the courts for several weeks. The first arrest was made upon a complaint made out under the section of the statute referring to selling liquor to parties where notice had been served not to sell them. In this instance no such notice had been served and the case, after several continuances, was dismissed. A second complaint was filed and the result was as stated above.

Foley's Kidney remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that, if neglected, might result in Bright's disease or diabetes. H. P. Dunn, druggist. mwf-w

FIVE KILLED IN AUTO ACCIDENT

Two Others Are Probably Fatally Injured.

Los Angeles, Nov. 26.—Nicholas Jacobs, a real estate dealer of this city, his two daughters and his two sons are dead and Mrs. Jacobs and her two-months-old baby are dying as the result of a collision between an automobile in which they were riding and a trolley car on the Los Angeles and Santa Ana line, six miles from the city.

Two other sons of Jacobs, Peter and John, and Miss Josephine Solon, nineteen years old, jumped from the automobile and escaped with slight injuries.

While an electric car in which the injured persons and the bodies of those killed had been placed, was coming to Los Angeles it collided with a car on the Central avenue line at Seventh and Central avenues in this city and eight more people were injured, some seriously.

The first accident happened at a crossing when the automobile in which the Jacobs family was returning to the city after spending the day with

friends at Watts, was driven upon the track directly in front of the swiftly moving car. The car hurled the automobile forty feet. The occupants were thrown to the road and Jacobs with his four children, Anthony, aged six; Clement, aged four; Kate, aged eighteen, and Mamie, aged eighteen, were dead when passengers on the car reached them.

Mrs. Jacobs, who held the baby in her arms, was thrown fifty feet and will die, while the baby, crushed under its mother's body, is believed to be fatally hurt. None of those injured in the second accident is likely to die.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. H. P. Dunn, the druggist. mwf-w

Shoots Wife and Himself.

Richmond, Ky., Nov. 24.—Oscar Osborn fatally shot his wife and attempted suicide. Robert Hendrick, a boozing companion of Osborn, learning of the tragedy, committed suicide by stabbing himself. The Osborns, who are wealthy, had been separated for about two months.

A CARD

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold, prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. H. P. Dunn, Druggist. mwf

FIGHTING IN NICARAGUA

Contending Armies in Final Clash at Rama and Greytown.

Washington, Nov. 29.—The Nicaraguan insurgents are now engaged in what is expected to be a final grapple with the Zelayan forces, according to unofficial advices which reached Salvador Castillio, the representative here of the Nicaraguan insurrectionary forces. The advices indicate that fighting is in progress both at Rama and Greytown, and that a general assault on Managua the capital, will follow.

The arms and ammunition landed from the Norwegian steamer Utstein are believed now to be in the hands of the insurrectionists.

At the department of state all inquiries as to the landing of marines on Nicaraguan territory were met with evasive replies, but these were such as to give rise to the belief that some force has been put ashore to protect American interests and to reconnoiter.

IOWA BANK PRESIDENT SHOT

Webster City Man May Die of Wound Received by Accident.

Webster City, Ia., Nov. 24.—F. A. Edwards, president of the Webster City Savings bank and three times mayor of this city, accidentally shot himself at the bank and lies at the point of death.

He was dusting the counter and struck a revolver, which always lies there, with the duster. The gun exploded, the bullet entering his abdomen. He fell to the floor, where he lay some time, but finally attracted passersby to the bank by throwing a shoe through a plate glass window.

STOMACH DISTRESS AND DYSPEPSIA GO

No More Indigestion, Stomach Gas, Heartburn or Headache from Upset Stomach

STOPS ALL SUCH SUFFERING

Out-of-Order Stomachs Feel Fine Five Minutes after Taking a Little Diapepsin

As there is often someone in your family who suffers an attack of indigestion in some form of stomach trouble, why don't you keep some Diapepsin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent cases of Pape's Diapepsin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distress go in five minutes and relieves at once such miseries as belching of gas, eructations of sour undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out-of-order stomach, with the common every-day cures advertised, that they have about made up their minds that they have something else wrong, or believe theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This, no doubt is a serious mistake. Your real trouble is, what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which putrefy in the digestive tract and intestines, and, besides, poison the breath with nauseous odor.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery to the stomach, is waiting for you as soon as you decide to try Pape's Diapepsin.

SCORE OF JAPS MEET DEATH

Killed in a Wreck on Great Northern Railroad.

FIFTEEN OTHERS ARE INJURED

Victims Asleep in Bunk Car Behind the Engine When Crash Occurs.

Locomotive Cuts the Car Squarely in Two and Crushes Half of It to Kindling Wood—Some of the Injured May Die.

Vancouver, B. C., Nov. 29.—Twenty Japanese were killed and fifteen injured, several of them fatally, in the wreck of a work train on the Great Northern railway between Vancouver and New Westminster. The train left Vancouver on its way to Sumas when within a mile of the city limits of New Westminster the train ran into a washed out culvert. The engine passed nearly over and then sagged back, and Fireman Kent and Engineer Beatiger jumped, escaping injury.

Immediately behind the tender was a Japanese bunk car, in which thirty-five men lay, most of them asleep. The engine settled back until it stood almost on end, and the Japanese car was caught and smashed between the engine and tender. It was cut squarely in half. One-half was crushed to kindling wood and the remainder smashed in on its sides and ends, slid further into the gully. Three flat cars piled on top of each other while the caboose remained on the tracks.

Riding on either the engine or with the Japanese was a white man, George W. Kemp, a commercial traveler of Vancouver. His feet were crushed, and he has internal injuries. He lies unconscious at Vancouver general hospital. How he happened to be on the train is a mystery to railway officials.

VICTIMS OF AN ASSASSIN

Husband, Wife and Their Child Murdered.

Frontenac, Kan., Nov. 29.—The dead bodies of Mr. and Mrs. William Bork and their three-year-old son were found near a lonely highway, all three victims of the bullets of an unknown assassin. A posse of armed farmers, accompanied by bloodhounds, scoured the adjoining country for the fugitives. Bork had evidently been killed while defending his wife. The woman's body, terribly mutilated, with the clothing torn off, was found some yards away from the road in a cornfield. She had been assaulted, but had apparently fought with demoniacal strength to resist the assailant.

The Borks were residents of Frontenac. They were last seen alive when they started to drive to the home of Mrs. Bork's mother, who resides in the country.

The deserted carriage was found in the roadway and investigation led to the discovery of the dead bodies. Bork had been shot through the body four times.

The body of the child, shot through the head, was found nearby.

A ribbon and piece of Mrs. Bork's dress was found several feet away. A short distance further her comb was picked up. At the edge of the cornfield the ground was trampled up as though a frightful struggle had taken place. Mrs. Bork's body was found there.

There is no clue to the identity of the assassin.

WOMAN INSTANTLY KILLED

Crushed to Death Between Elevator and Floor.

Duluth, Nov. 29.—Miss Fannie McLennan, thirty-seven years old, was crushed to death between the elevator car and the fifth floor of the Sellwood building. The body was terribly mangled and death was instantaneous. She entered the elevator on the third floor to go upward. The operator stopped the car at the fourth floor to allow Christ Lund, the only other occupant, to get off. Miss McLennan started to follow Mr. Lund, but the operator did not see her movement. Before closing the gates the operator started his car. The sudden motion made Miss McLennan lose her balance and she fell forward partially through the doorway.

Peter Rohr, the elevator operator, could not stop the car in time to avert the impending tragedy. The woman's head and shoulders were caught between the edge of the car floor and the fifth floor.

Mistakes Brother for Deer.

Duluth, Nov. 29.—Mistaking him for a deer, Ole Moe, twenty years old, fatally wounded his brother, Alfred Moe, aged twenty-four years, while they were hunting in a swamp near their home, nine miles from West Duluth. The young man lived only a few hours after being shot.

Insane Man Shoots His Wife.

Beatrice, Neb., Nov. 29.—Fred T. Robinson shot his wife and then himself. There is little hope that either will survive. Robinson has shown signs of being mentally unbalanced. Recently he wrote the police that the "Black Hand" was after him.

BALLINGER MAKES REPORT

Contains Important Recommendations Regarding Public Lands.

Washington, Nov. 29.—Important recommendations urging remedial legislation by congress for securing the best use of the remaining public lands are the principal features of the annual report of Secretary of the Interior Ballinger, just made public. These recommendations include specific authority to classify and segregate the lands into well defined divisions, according to their greatest apparent use, legislation designed to conserve the coal deposits as a public utility and to prevent monopoly or extortion in their disposition and authorizing the classification and disposition of all lands capable of being used for water power development under the interior department.

Warm praise is given manufacturers of explosives used in coal mining, who, the report says, have made commendable efforts to increase the safety of their explosives even beyond the requirements of geological survey tests. They have shown a desire to carry out the wishes of the state inspectors and the recommendations of the federal engineers and chemists connected with the investigations into the causes of mine explosions.

Since the foundation of the government, the report shows, there has been disbursed for pensions \$3,913,082,543, of which \$96,445,444 was disbursed prior to June 30, 1865.

BLUE GRASS REGION WATERS

Report by the United States Geological Survey

Washington, Nov. 29.—A report on the waters of the Blue Grass region of Kentucky has just been published by the United States geological survey as water supply paper 233, which is the result of a survey by G. C. Matson, geologist, and of assays and analyses by Chase Palmer, chemist.

Mr. Matson sketches briefly the geology of the region, gives accounts of the surface and the underground waters, indicating the water horizons, and describes in detail the underground water conditions by counties. Mr. Palmer discusses the industrial uses of the water and gives tables showing the results of field assays. Sections on the medicinal and table waters should be of general interest, for the annual sales of mineral waters of the Blue Grass region now amount to \$200,000.

The report contains sections on the soils, on the collection and storage of rain water, on municipal water supplies, and on the comparative hardness of the waters, and includes many chemical analyses. It is illustrated by a map of the region and by several diagrams.

Water supply paper 233 can be obtained free by applying to the director of the survey at Washington.

St. Paul Girl Killed.

Minneapolis, Nov. 29.—Eva Shapiro, twenty-six years old, of St. Paul, was struck by an automobile and instantly killed at Twenty-fourth street and Hennepin avenue, this city. The machine was in charge of Burt Tenason, secretary and treasurer of the Minneapolis Threshing Machine company. He was not arrested.

Governor Harris Injured.

Richmond, Ind., Nov. 29.—Former Governor Andrew L. Harris of Eaton, O., and Mrs. Harris were slightly injured and narrowly escaped death here when the automobile in which they were riding collided with a street car. They were able to continue the journey home later.

Perfectly Unprejudiced.

Here the judge took a hand in examining the venieman.

"You don't seem to understand the questions addressed to you by the attorneys," he said. "What they want to know is whether you have formed or expressed any opinion in this case. That is to say, have you told anybody whether or not you believe the defendant guilty of the crime charged against him or have you said to anybody that you believe him innocent?"

"Course not, judge," answered the venieman. "It ain't necessary for me to express no opinion about him. I've known him for thirty years, an' I know blame well he stole the cow."

"That will do, Mr. Skiles. You may stand aside."—Chicago Tribune.
